

# AVAC 12 Dust Containment System

- 1 Non-marking front caster wheels allow the vacuum to easily follow the operator.
- 2 Easy access latches provide quick removal of the vac head.
- 3 16 gallon tank allows for full 12 gallons of dust collection.
- 4 Center mount locking inlet securely fastens hose to the vacuum.
- 5 Manual flow reversal for on-demand filter cleaning
- 6 Up to four levels of filtration to keep dust out of the vac motor.
- 7 Wet and dry vacuum functionality.

## PRODUCT DESCRIPTION

The AVAC 12 Dust Containment System offers high suction and exceptional filtration. Designed with non-marking gray wheels and casters, as well as a center mount locking inlet, the vacuum easily follows the operator while he/she works. The AVAC 12 comes standard with three levels of filtration as well as options for disposable paper bags and H.E.P.A. filters.

## RECOMMENDED PRODUCTS

The RS-16DC Rotary Sander offers strength, durability, and ease of use for those aggressive sanding jobs. It comes equipped with a dust skirt and dust port for use with dust containment systems.

The Super 7R is a powerful, versatile, and easy to use wood floor edger.
